

Disclosure Log

Port Macquarie-Hastings Council disclosure log is prepared in accordance with section 25 of the Government Information (Public Access) Act 2009.

The disclosure log publishes details of information released in response to formal access applications that Port Macquarie-Hastings Council considers may be of interest to other members of the public. The disclosure log contains non-personal information only. The purpose of this log is to record the date the application was decided, a description of the information to which access was provided in response to the application and a statement as to whether the agency intends to make the information available to other members of the public and, if so, how it can be accessed.

Last updated on 8 November 2022

Council Reference Number	Application Decision Date	Information Requested	Information Provided	Type of Release	How can the information be accessed by the public
22-12	5/05/2022	"Koala Plan of Management (KPoM) provided by State Environmental Planning"	As requested	Access Granted in Full	Available upon request
21-17	21/09/2021	<p>At the Port Macquarie Hastings Council Presentation on 29 July 2021, Mr Hawkins (Group Manager Infrastructure Planning) and representatives of the Council indicated that a significant quantity of engineering and surveyors reports would be compiled and released. The Council have indicated initial modelling has been performed, stress testing and risk assessment was to follow. Short term fixes such as jacketing piles and filling the voids in pylons 3 and 4 were being considered. Further pertinent information to a claim would have been generated as a result of that risk assessment. We are instructed to request this information be released to us.</p> <p>1. Construction and design plans for Rawdon Island Bridge; 2. Life cycle management plan for Rawdon Island Bridge; 3. Maintenance guidelines, including frequency of inspections required for Rawdon Island Bridge; 4. Resources available for maintenance, including funding for Rawdon Island; 5. Emergency response plan (i.e. in cases of flooding) and details of instances in which the plan was applied for Rawdon Island; 6. Documents regarding all inspections/repairs/maintenance conducted Rawdon Island Bridge; 7. All reports of defects Rawdon Island Bridge; 8. Responses to reports of defects Rawdon Island Bridge; 9. All approvals of vehicles to pass Rawdon Island Bridge; 10. All renewal/upgrade plans Rawdon Island Bridge; 11. All issues with Rawdon Island Bridge reported through the online forms at the following or similar address and responses to these issues; 12. All 'Bridge Maintenance Program' documents in relation to Rawdon Island Bridge; 13. All maintenance projects for Rawdon Island Bridge outlined in Council's Four Year Delivery Program and the status of these projects; 14. All instances in which Rawdon Island Bridge appeared on the 'Roads Hierarchy' list and the status of the required repairs; 15. All load limits ever placed on Rawdon Island Bridge and any information on why/when they were lifted; 16. All reports, documents or correspondence issued by NSW Roads and Maritime Services in relation to Rawdon Island Bridge from 1 January 2004 to date; 17. All correspondence from any individuals or entities raising issues or concerns about the structural integrity or safety of the Rawdon Island Bridge from 1 January 2004 to 31 July 2021; and 18. Any council minutes, meeting notes, resolutions, advices in relation to the categories above.</p>	As requested	Access Granted in Full	Available upon request

Disclosure Log

Port Macquarie-Hastings Council disclosure log is prepared in accordance with section 25 of the Government Information (Public Access) Act 2009.

The disclosure log publishes details of information released in response to formal access applications that Port Macquarie-Hastings Council considers may be of interest to other members of the public. The disclosure log contains non-personal information only. The purpose of this log is to record the date the application was decided, a description of the information to which access was provided in response to the application and a statement as to whether the agency intends to make the information available to other members of the public and, if so, how it can be accessed.
