

Application for Pressure Test and/or Interconnection of New Watermains

2019/2020

Application can be made in person at any Port Macquarie-Hastings Council (PMHC) office or Email: council@pmhc.nsw.gov.au

Description of Development

Subdivision or Development Name:		
DA No.:		
Street Name:	Suburb:	
Consultant:	Phone:	Email:
Contractor:	Phone:	Email:
Primary Contact:	Phone:	Email:
Company or Person to be invoiced:		

Scope of Work - To be invoiced once work is completed.

<input type="checkbox"/> Supervision of interconnection of new watermain with existing live system, including shutdown and notification of interruption to supply.
<input type="checkbox"/> Pressure testing and certification of watermain, including loading of watermain if required.
Site Available Date: __ / __ / __
NOTE: Safe access and working environment required. Any abortive costs will be chargeable if site not ready/available.

Drawings (signed Engineering plan of work) must be supplied that clearly identify:

- Pipe size
- Changes in pipe size
- Valve location
- Hydrant location
- Extent of works to be carried out.

Supply of **signed Engineering Plans** to indicate work constructed will be required prior to any pressure test or interconnection.

Conditions

1. Fees and charges are reviewed annually.
2. Council reserves the right to undertake interconnections to existing mains in special circumstances. Where this is the case the applicant will be advised separately and a quotation provided for Council to undertake the work.
3. **UNDER NO CIRCUMSTANCES** are contractors to operate stop valves or hydrant standpipes on either new or existing watermains.
4. Advice to property owners on interruption to supply will be provided by Council.
5. Once application is received, Council will endeavour to contact the stipulated Primary Contact within 5 working days to arrange a suitable time for works to begin.
5. Every effort will be made by Council to carry out pressure test and/or provide isolation of watermains to permit interconnection within three weeks of site availability date.
6. All works to be invoiced as per PMHC Fees and Charges available at www.pmhc.nsw.gov.au

I hereby make application for Port Macquarie-Hastings Council to undertake work in accordance with conditions detailed above for Pressure Test and/or Interconnection of new watermains installed as part of the development described.
