Description of Proposed Change to Environmental Planning Instrument/Development Application

Draft *Port Macquarie-Hastings Local Environmental Plan 2007* (Area 13 LEP) applies to the Land to which the Draft Planning Agreement applies. The general effect of the draft Area 13 LEP is to rezone the land to which it applies for urban purposes. The specific aims, objectives, policies and strategies of the Area 13 LEP are set out in that document. It was determined by Council that it was not practicable to exhibit this Agreement contemporaneously with the Draft Area 13 LEP as the offer for the Planning Agreement was received after the exhibition of the Draft Area 13 LEP.

Summary of Objectives, Nature and Effect of the Draft Planning Agreement

- does not exclude the application of s94A of the Act to the Development,
- requires monetary Development Contributions of a specified minimum amount to be made towards management of environmental lands,
- requires the carrying out of specified Works by the Developer for the purposes of establishing and maintaining environmental lands where such land forms part of the Land,
- requires the dedication of specified land to the Council by the Developer on which some Works will be situated,
- requires the Council to apply monetary Development Contributions made under the agreement towards the specified purpose for which they were made and at the location, in the manner and to the standard (if any) specified in the agreement,

Assessment of the Merits of the Draft Planning Agreement

The Planning Purposes Served by the Draft Planning Agreement

The Draft Planning Agreement reasonably provides for the achievement of the following planning purposes:

- promote and co-ordinate the orderly and economic use and development of the Land to which the agreement applies,
- provide land for public purposes in connection with the Development,
- provide increased opportunity for public involvement and participation in environmental planning and assessment of the Development,
- provide for the mitigation of any potential impact of the Development by providing for the Developer to make contributions to the Council.

How the Draft Planning Agreement Promotes the Public Interest and the objects of the Environmental Planning and Assessment Act 1979

The draft Planning Agreement, by making provision for the dedication of land to the Council and by making provision for the Developer to make contributions to the Council towards ongoing environmental management of particular land, promotes the public interest by promoting the following objects of the Act as set out in s5 of that Act:

- to encourage the proper management, development and conservation of natural and artificial resources, including agricultural land, natural areas, forests, minerals, water, cities, towns and villages for the purpose of promoting the social and economic welfare of the community and a better environment,
- to encourage the promotion and co-ordination of the orderly and economic use and development of land,
- to encourage the provision of land for public purposes,

N/A

Other Public Authorities – How the Draft Planning Agreement Promotes the Objects (if any) of the Act under Which it is Constituted

N/A

Councils – How the Draft Planning Agreement Promotes the Elements of the Council's Charter

The Draft Planning Agreement, by making provision for the dedication of land to the Council, by providing a means for the private funding of public facilities for the benefit of the Development and the wider community and by making provision for the Developer to make contributions to the Council towards ongoing environmental management of particular land, promotes the following elements of the Council's charter:

- to provide directly or on behalf of other levels of government, after due consultation, adequate, equitable and appropriate services and facilities for the community and to ensure that those services and facilities are managed efficiently and effectively,
- to properly manage, develop, protect, restore, enhance and conserve the environment of the area for which it is responsible, in a manner that is consistent with and promotes the principles of ecologically sustainable development,
- to raise funds for local purposes by the fair imposition of rates, charges and fees, by income earned from investments and, when appropriate, by borrowings and grants.

All Planning Authorities – Whether the Draft Planning Agreement Conforms with the Authority's Capital Works Program

The Draft Planning Agreement requires that specified Works to be carried out by the Developer for the purposes of establishment and management of environmental lands

These works are not included in the Council's relevant current capital Works program. However, the Council's Management Plan identifies these types of works in the relevant capital Works program.

Accordingly, the provision of these Works under the agreement is consistent and conforms with the capital Works envisioned by the Council's Management Plan.
